These two areas alone now account for about 20–30 percent of the total gross value of industrial output. Copper resources are moderate, and high-quality ore is present only in a few deposits.

The8WaysUrbanDemographicsareChanging.ProductdescriptionProductDes
The big concern is that governments do not have the policy tools they had in to prevent a financial shock turning into a freefall, and overall debt levels are higher than during the previous crisis. How much will businesses need to change in their business model—from the customers they target, the

products and services they offer, their overall supply chain, and even their capital structure and ownership? Inexpect corporates, Chinese and non Chinese, to start to investigate quietly their options for creating separate corporate structures for their China-focused and US-focused operations.
