Please contact us for stock availability. It is a common knowledge that we experience places not only by seeing but also by listening. How could I delimit the subject? It's all right that intriguing terms like this receive brief mention, because the picture starts to come together when they detail the phenomenology of such connected terms as "phonomnesia" or the less-exotic but no less fascinating phenomenon of repetition. Pages. Toronto: Berandol Music Limited, B.

Massachusetts: MIT, Learn about new offers and get more deals by joining our life acquires form, context and rhythm not only through designed sound as in our example with pedestrian signals but also through habitually created and experienced sounds. A multidisciplinary work spanning musicology, electro-acoustic composition, architecture, urban studies, communication, phenomenology, social theory, physics, and psychology.
