The final chapter of modernization is taking place in an intellectual void partly of our making 1 Fig. On how to mitigate the effects of climate change, Canada and the European Union will have to look at this very carefully, particularly with the risk of the melting of the ice sheets in the High North and the increased migratory pressures from Sub-Saharan Africa impacting on the EU with climate change, a very important common shared challenge. Besides, the management of Big Data, whose scope is still far from being understood, has decisively influenced the manner in which we must present the information. Caracas, IPorelLicenciado A painstaking and pious mind, and a worthy grandson of the Spanish European nobles. I would like to say first that I agree with all of those who have underlined the importance of working on the causes of terrorism and, in particular, the need to tackle radicalisation in our communities.
