We represent individual clients, bring class action lawsuits, and engage in community education and outreach with the belief that low-income people with mental illness are entitled to live stable and full lives, free from discrimination. Hemmens, C. Johnson, B.

Thatsupportcouldbebasedontheclaimthatsuchidentitiesareaconstituent

A meta-analysis of randomized, controlled trials. Under a minority-group model, these measures are dictated primarily by a demand for recognition and respect, and for the correction of past expressions of disrespect found in the knowing exclusion of people with disabilities from many aspects of social, political, and economic life. *Exceptional Children*, 66
