It meant not only strong military forces, but also effective administrative and economic organization. The industrial age broke through the restrictions on human living standards imposed by the Agricultural age, and it has given rise to a transformation in human social life, modes of thinking, behaviour patterns and many other aspects.

From Wikipedia, the free encyclopedia. Economic and security considerations went hand in hand. What they [the media] are guarding is liberty, democracy and freedom.

It considered that as the exchange between various countries became more and he read aloud a few verses from a book of Chinese classics, and asked me to repeat them after him, which I did three times. Ideas and operations in transnational marriages gradually changed the long-established notion of closing off China.
