The primary question for a teacher here is: "What steps observable as well as unobservable should I teach students to do regularly and automatically that will prepare them in advance to get the most out of a reading selection that needs to be read more thoroughly? Once the strategy is learned, the teacher must then ensure that students begin to transfer or generalize the strategy to new and different situations. Post a new comment Name Comment.

Fromthesesummaryreportsitisclearthatthereisaconsensusamongleaders

It has been recognised that when children first start learning to read there is very little correlation between their language comprehension and their reading comprehension. Students need teachers to teach and draw attention to appropriate strategy use in textbooks, especially in content areas where there are many reading demands e.
