Neal Chase. According to the Talmud in mainstream Orthodox Judaism, the Messiah will come within years of the creation of Adam and the world may be destroyed years later.

Such a transformation would be impossible for a single person to accomplish.

But there is also the simple fact of individual irritability.

In climate science, nothing is simple, but the arithmetic is harrowing: A planet five degrees warmer would have at least half again as many wars as we do today.

And, among other things, it makes the idea of postponing government action on

to a recent study more than a third of people wish there had been lessons in school on how to budget, a further third would have appreciated classes on the importance of insurance. Those Ancient Western dogs might have just been wolves, he says.
